Driving directions: Website says Google directions are confusing and recommends the following: Take exit #99 off I-5 South, go east (turn left) on 93rd Ave. Follow the road for 3 miles, going through two four-way stop signs. Go to the end of 93rd Ave. and when you reach the "T" junction, turn right onto Old Highway 99 and follow this road for another 4 miles. After going through a short railroad tunnel, there will be a Chevron gas station on your right. Take the left that is directly across from the Chevron station onto Offut Lake Road. You will see a Wolf Haven International banner. Wolf Haven is the first right off of Offut Lake Road SE.
